To prepare the Region's response to the NRRB recommendations, it would be helpful to have the final wording of the memo sooner rather than later. Could you send me the final draft (i.e., something that you most likely will not be changing) by a certain date? Perhaps end of March or some time in April?

Hi Alice – I sent the document to Charles Openchowski last week and told him there was no rush on his final review. Last I heard I was supposed to hold the memo and not sign it until you/R2 told me so the *30 days to posting* clock would not start. Lois Gartner will review the memo for grammar and style when Charles is finished. I will send it back to you before I sign it.

The last draft that you saw was draft 4.

Just wanted to double check that I had not missed anything. Are you still working on finalizing the Passaic NRRB recommendations? Was the last draft circulated still draft 4?
